

## UFaster- Internet Booster & Speed Test v5.0.0 - Network & Internet::Other Software

UFaster is the best buy and best performing speed boosting software for all speed Internet Connections services, like Dial-up, Broadband and Wireless, etc.

UFaster will also boost Internet Explorer, Mozilla Firefox as well as all Internet activity such as data download, online games, streaming video, web searching, page loading and even network performance.

UFaster also has excellent visual and numerical speed tests to enable the user to see before and after performance improvements.

UFaster is totally automatic and needs only one click and absolutely no knowledge to get instant speed improvements.

UFaster has been tested with Modem, LAN, ISDN, CATV, ADSL, Cable and other types of connections. Once accelerated, the download speeds and web loading speeds are increased by up to 200 to 600 percent.

UFaster supports Internet Explorer 3.x, 4.x, 5.x, 6.x and 7.x, Mozilla Firefox 1.x, 2.x , and some other Internet Browsers and works well with Windows 95, Windows 98, Windows Me, Windows NT4, Windows 2000, Windows XP, Windows 2003 and Windows Vista.
